

To whom it may concern,

I oppose the expansion of LPFM to allow it to take priority over current FM translator services, such as K-LOVE, which is heard in my area on FM 100.7. K-LOVE serves me as a resident in my local community by providing Christian music that I cannot otherwise get on the radio in my community. Although there are other Christian radio stations in the Fargo area, K-LOVE offers more contemporary music, as well as other programming which I greatly enjoy. K-LOVE is a popular station for college students in this area. There are three colleges with a total of over 20,000 students in the immediate area. K-LOVE appeals to the younger audience, and without it, many would be left without a Christian radio station that meets their needs. I also have several friends who listen to K-LOVE, and who would be very disappointed if we were unable to receive it in Fargo.

I believe that the service provided by K-LOVE is in the public interest. The message is positive. One never has to worry about what the children may hear on K-LOVE. Although it is contemporary, it is safe for the entire family, and enjoyed by the entire family. The message is of faith and family values. K-LOVE serves the world, and our local community very well with its message of encouragement.

Please do not expand the service of LPFM to infringe on our K-LOVE signal. I, and many others in my community, would be greatly disappointed.

Thank you.

Sincerely,  
Kari Webb
